USGS science for a changing world

National Map of Surficial Mineralogy

Barnaby W. Rockwell and Lindsey C. Bonham

Basemap

Table of Contents and Explanation

Layer Visibility

- Silverton - Lake City region
  - 1996 high-altitude AVIRIS mapping (Dalton and others, 2005; 2007)
    - Iron-bearing minerals
      - amorphous and other iron oxides and hydroxides
      - chlorite
      - epidote 1
      - epidote 2
      - ferric iron-bearing minerals
      - ferrous iron-bearing minerals 1
      - ferrous iron-bearing minerals 2
      - ferrous iron-bearing minerals 3
      - ferrous iron-bearing minerals with hematite
      - goethite
